Subject: Authorize a Contract with Barton & Loguidice, D.P.C. for Professional Design Services for the Northeast Quadrant (Gloria Drive) Landfill Improvements Project

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Barton & Loguidice, D.P.C. in the amount of \$37,300 for professional design services for the Northeast Quadrant (Gloria Drive) Landfill Improvements Project ("Project").

Monroe County is responsible for managing the inactive former Northeast Quadrant (Gloria Drive) Landfill in the Town of Penfield. The County requires engineering assistance in preparing environmental, geologic and groundwater assessments, and the design of a cap to mitigate the impacts of precipitation on the landfill. Your Honorable Body approved funding for the Project by Resolution 382 of 2024.

Several consultants were considered with Barton & Loguidice, D.P.C. rated as the most qualified to provide these services.

**The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract with Barton & Loguidice, D.P.C., 11 Centre Park, Suite 203, Rochester, New York 14614, in the amount of \$37,300 for professional design services for the Northeast Quadrant (Gloria Drive) Landfill Improvements project, and any amendments necessary to complete the project within the total capital fund(s) appropriation.**

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes, unless such action meets or exceeds any of the thresholds in section 617.4 of this Part") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract, consistent with authorized uses, is included in capital fund 2122 and any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Barton & Loguidice, D.P.C., nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are John F. Brusa, President; Matthew J. Schooley, Secretary; Richard J. Maxwell, CFO.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Funds will be used to purchase supplies, cover travel expenses, and support existing positions in the program. This will be the twenty-fifth year the County has received this grant. **Subject: Amend the Schedule of Job Titles by Salary Group for the Department of Public Health, as described and contained in the 2025 Monroe County Budget; Authorize the Position of Deputy Medical Examiner; Amend and Increase the Contracts for the Provision of Forensic Pathology Services; Amend the Operating Budget of the Department of Public Health**

Honorable Legislators:

We recommend that Your Honorable Body amend the schedule of job titles by salary group for the Department of Public Health, as described and contained in the 2025 Monroe County budget; authorize the position of Deputy Medical Examiner; amend and increase the contracts for the provision of forensic pathology services to the Office of the Medical Examiner; and amend the 2025 operating budget of the Department of Public Health.

In response to ongoing recruitment and retention challenges of Medical Examiner positions stemming from national competition for qualified staff and local compensation levels that have been below prevailing market rates for similarly situated forensic pathology positions, we are recommending an amendment to the schedule of job titles by salary group for the Department of Public Health as follows:

- Amend the Management and Professional salary schedule to include new pay group 43;
- Upgrade the position of Medical Examiner, from Group 33 to Group 43;
- Authorize the position of Deputy Medical Examiner, Group 32; and
- Upgrade three (3) positions of Associate Medical Examiner, from Group 29 to Group 30.

Making the Medical Examiner's office more competitive in recruitment and retention will facilitate the timely and efficient processing of the roughly 4,000 cases received annually. Improving caseloads and case processing times will allow the Medical Examiner's office to pursue national accreditation, which would further assist in recruitment and retention, and which would also enhance the office's operational standards and public trust.

To further increase efficiency and ensure the timely processing of cases, we also recommend that Your Honorable Body amend Resolution 294 of 2020, as amended by Resolution 418 of 2021, as amended by Resolution 228 of 2023, to authorize the use of the forensic pathologists listed in Attachment A "and any other qualified forensic pathologists," and to increase the contracts with the individuals listed in Attachment A, from a total aggregate amount not to exceed \$200,000 to a total aggregate amount not to exceed \$400,000 for the provision of forensic pathology services to the Monroe County Office of the Medical Examiner on an as needed basis, for the period of January 1, 2025 through December 31, 2025.

The cost of these recommended actions is an allowable and responsible use of the County's opioid settlement trust fund. We recommend that the budget for the Department of Public Health, Office of the Medical Examiner be amended to utilize opioid settlement funds for these purposes.

**The specific legislative actions required are:**

1. Amend the schedule of job titles by salary group for the Department of Public Health to:
  - Amend the Management and Professional salary schedule to include new pay group 43;
  - Upgrade the position of Medical Examiner, from Group 33 to Group 43; Authorize the position of Deputy Medical Examiner, Group 32; and
  - Upgrade three (3) positions of Associate Medical Examiner, from Group 29 to Group 30.
2. Amend Resolution 294 of 2020, as amended by Resolution 418 of 2021, Resolution 97 of 2023, and Resolution 228 of 2023 to authorize the use of the forensic pathologists listed in Attachment A "and any other qualified forensic pathologists," and to increase the contracts with the individuals listed in Attachment A, from a total aggregate amount not to exceed \$200,000 to a total aggregate amount not to exceed \$400,000 for the provision of forensic pathology services to the Monroe County Office of the Medical Examiner on an as needed basis, for the period of January 1, 2025 through December 31, 2025.
3. Amend the 2025 operating budget of the Department of Public Health to appropriate opioid settlement trust funds in the amount of \$380,000 into general fund 9001, funds center 5804010000, Forensic Pathology / Administration.

This action is a type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for these contracts and position changes will be available in the 2025 operating budget of the Department of Public Health, general fund 9001, funds center 5804010000, Forensic Pathology / Administration once the appropriation of opioid settlement trust funds is authorized. No additional net County support is required in the current Monroe County budget.

We recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Through the intermunicipal agreement, the County will reimburse the Town in an amount not to exceed \$310,000 for construction expenses. The \$310,000 of the County's share will be paid for by the appropriation and transfer of committed fund balance pursuant to Resolution 197 of 2023.

The Project will connect existing sidewalk networks serving the aforementioned areas and provide a continuous path between residential neighborhoods, schools, town parks, places of worship, and various retail and tourist destinations within the Brighton community. This action is an Unlisted Action under the New York State Environmental Quality Review Act ("SEQRA"). Funding for this intermunicipal agreement will be available in the Department of Transportation, road fund 9002, funds center 8002060000, Sidewalk Projects once the interfund transfer has been authorized. This interfund transfer requires \$310,000 of additional net County support for which the appropriation of committed fund balance is requested.

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of District Attorney Sandra Doorley.

I recommend that Your Honorable Body accept a grant from the New York State Division of Criminal Justice Services in the amount of \$208,000 to continue the Crimes Against Revenue Prosecution Program in the District Attorney's Office for the period of January 1, 2025 through December 31, 2025.

This grant will provide funding to support a portion of the cost of three (3) full-time Assistant District Attorneys. It also provides funding for contracting with a tax auditor, should one be needed during the contract period. The Assistant District Attorneys will investigate and prosecute individuals and businesses operating in Monroe County that violate tax laws, recoup revenue lost due to non-compliance, and increase voluntary compliance with applicable tax laws. In addition, crimes involving failure to collect, report, and pay New York State taxes involving welfare benefits, unemployment insurance benefits and workers' compensation payments will also be investigated and prosecuted by program staff. This will be the twentieth year the County has received this grant. This year's funding is the same amount received in last year's award.

**The specific legislative actions required are:**

Authorize the County Executive, or his designee, to accept a \$208,000 grant from, and to execute a contract and any amendments thereto, with the New York State Division of Criminal Justice Services for the Crimes Against Revenue Program in the District Attorney's Office for the period of January 1, 2025 through December 31, 2025.

2. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any encumbered balances during the grant period according to the grantor requirements, to make any necessary funding modifications within the grant guidelines to meet contractual commitments, and to enter into any amendments to extend the time period of the grant.
3. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

Funding for this grant is included in the 2025 operating budget of the District Attorney's Office, general fund 9300, funds center 2510010000, Public Corruption/Economic Crime Bureau.

This grant is 100% funded by the New York State Division of Criminal Justice Services. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of Sheriff Todd K. Baxter.

I recommend that Your Honorable Body accept a grant from the New York State Canal Corporation in the amount of \$40,000 for the New York State Canal Corporation ("NYSCC") Marine Patrol Matching Grant Program for the period of April 1, 2025 through March 31, 2026.

This grant will provide funds for the dedication of extra law enforcement patrols along the Erie Canal and Canal Way Trail in Monroe County. In the past, NYSCC funded New York State Police patrols in that area; however, the New York State Police suspended all dedicated marine patrols in the state. Therefore, NYSCC made the funds available to locally-administered police agencies. This money will be used to fund overtime reimbursement for those deputies assigned to patrol the Erie Canal and Canal Way Trail as well as the gas for the patrol vehicles. This will be the fourteenth year the County has received this grant. This year's funding is the same as last year.

**The specific legislative actions required are:**

1. Authorize the County Executive, or his designee, to accept a \$40,000 grant from, and to execute a contract and any amendments thereto with, the New York State Canal Corporation for the New York State Canal Corporation Marine Patrol Matching Grant Program, for the period of April 1, 2025 through March 31, 2026.

2. Amend the 2025 operating budget of the Office of the Sheriff by appropriating the sum of \$40,000 into general fund 9300, funds center 3803010000, Police Bureau Administration

Subject: Authorize the Creation of a Probation Supervisor and a Senior Probation Officer in the Department of Public Safety, Office of Probation – Community Corrections

Honorable Legislators:

I recommend that Your Honorable Body authorize the creation of one (1) Probation Supervisor, Group 34, and one (1) Senior Probation Officer, Group 37, in the Monroe County Department of Public Safety, Office of Probation – Community Corrections (“Probation”).

These positions are necessary as a result of the County’s assumption of direct delivery of pre-trial services. The County has a statutory requirement to provide such pre-trial services to the court system. Probation is assuming the responsibility for delivery of pre-trial services directly, instead of providing those services through a contractor. This effort will result in efficiencies through the reduction of administrative overhead. Additionally, it is expected that the alignment of services and programs from initial appearance through probation will better serve justice-involved individuals.

The assumption of direct delivery of these services will require appropriate supervision of pre-trial services personnel and activities, and the positions requested here are necessary to provide that supervision.

**The specific legislative action required is to authorize the creation of one (1) Probation Supervisor, Group 34, and one (1) Senior Probation Officer, Group 37, in the Monroe County Department of Public Safety, Office of Probation – Community Corrections.**
